HOW TO PREPARE YOUR PROPERTY FOR SALE

Outside

First impressions have never counted more. Your messy hedges or uneven paving stones could lose you a sale before you even invite viewers inside. Take a moment to emotionally distance yourself from your surroundings and be critical.

Before your viewings begin, have a quick wander down your road and look at your house next to your neighbours' properties. Could your window frames or facade do with a quick lick of paint to get them up to scratch? Do you need to re-lay an uneven paving stone or two? Or spruce up your front door? If you are not a fan of this kind of manual work, hire a local handyman. These kind of jobs are quick and cheap to do, and make the world of difference.

Not in all cases, but half an hour before the viewers are due, walk down the road from your house and scoop up any litter. Unsightly rubbish isn't a welcome greeting.

Spend a morning tidying the front garden. A once-over with the lawn mower and a squirt of weed-killer can work miracles. Green fingers aren't required – just make sure it's presentable and tidy. Cheerful flowers are a bonus.

Kitchen

It goes without saying that greasy hobs, crumbly surfaces and sticky floors are an immediate turn off. But when your kitchen is spotless, what else can you do to make it appealing?

Uncluttered surfaces give the illusion of space in a small kitchen. Put jars and bottles away in cupboards and clear as much room as possible.

Make sure none of your appliances are running when viewers are being shown around – the buzz of the washing machine or whirl of the dishwasher isn't the most inviting sound.

You don't need to spend a fortune on a new fitted kitchen just to impress – save the money for your new house. New stylish cupboard handles are cheap and easy to fit, and can bring your kitchen up to date.

Give any new bits and bobs an airing before you move. If you have splashed out on a shiny new kettle, replace that old one before you move and show your kitchen in its best light.

Living area

This is where the new owners will spend most of their time together, so it is vital you make the right impression. Just remember the 3 Cs – cosy, clean and clutter-free.

However much you love Fido, he needs to be shooed out for half an hour while your house is being viewed. Dog or cat baskets and toys should be hidden and all areas of your house should be pet-hair free. And as for the smell... freshen up each room with room sprays and fragrances or open windows for a blast of fresh air.

If your walls and cabinets are adorned with personal photos of you and your family, try replacing a few with more neutral snaps, perhaps of places rather than people. The viewer needs to be able to picture him or herself living here and pictures of you all around the house may be a distraction.

Draw back curtains and make the living areas as light as possible. Sunlight immediately cheers up a drab room and creates the illusion of space.

Bathroom

Rubber gloves and bleach at the ready! Hide away any personal lotions, potions and other bathroom horrors (hair removal cream, false teeth soak, sanitary products). Now get scrubbing!

Make sure that clump of hair is removed from the plughole, the mirror and tiles are sparkling and there's no grimy rim around the bath tub or loo.

Vanity is key! Invest in a couple of expensive looking soaps and make a gleaming impression.

A small potted plant can bring colour and life to a bland looking bathroom.

A clean, fresh matching towel set will perfect your show-home bathroom.

Bedrooms

Bedrooms are probably the most personal rooms in the house, so try to make them welcoming. Clothes should be away and carpets fluffy and spotless.

Bed clothes should be clean and matching.

Don't forget that cupboards and wardrobes can hide a host of sins – if you don't have time to finish the ironing, or sort out that pile of bits and bobs on your bedside table, hide it away. They'll never know! Make sure all bins are clean and empty.

PROPERTY DETAILS AND PROFESSIONAL PHOTOGRAPHY

Property brochures

We provide full property brochures which feature external photos including the garden, plus internal shots and any other special features.

Your property brochures will usually be produced on the same day as taking your instruction. We send it to you for approval before it's emailed to our extensive list of prospective buyers. This is also available to download for a buyer on your internet listing with Rightmove, Zoopla and Prime Location.

Professional photography

We now live in a media driven age and we firmly believe that the way your home is portrayed on your property details and internet listing is critical. It is a fact that properties that are marketed with professional photography not only sell faster, but achieve better prices. Our photography services which can also include drone and aerial shots, are included within our fee which will be discussed with your valuer. We will arrange a time at your convenience and review the images with you to ensure you are happy.

ADVERTISING AND MARKETING

Online marketing

In addition to our own website, **williamsharlow.co.uk** we advertise your property on the property websites listed below. The prospective purchasers can view a full PDF brochure of your property and view internal and external photographs, description, floorplans and an interactive location map. This is especially useful if a purchaser is considering moving from outside the area.

Advertising

We repeatedly advertise a full colour page in the *Surrey Downs* magazine, a quarterly publication that specialises in property and local matters. It has a wide distribution to Banstead and most of its surrounding villages as well as nearby towns in the Surrey area. We also have a double-page spread advertisement in the regional *Upton* Magazine and periodically advertise in the *Property Guardian* which has a collective local distribution of 90,000 homes per week.

For Sale boards

Did you know that one in four of our properties that is marketed is SOLD as a result of an enquiry from a sale board? These are particularly useful if there are any other properties being marketed in your area where there could be buyers looking, or if you are in a prominent position.

Activity report

Keeping you up to date is our priority and we'll aim to give you viewing feedback within 48 hours. We'll also send you regular activity reports by email which will show you how many times your property has appeared in online searches and individual views of your properties home page.

VIEWINGS OFFERS AND OUR OFFICES

Sending your details

At any one time we have around 1,000 applicants registered with each of our branches. Once your property particulars have been prepared we send them to potential waiting buyers. Our computer system enables us to be 100% accurate in ensuring all buyers are notified of your home coming onto the market and our staff will then make contact to encourage them to view.

Viewings

All viewings are accompanied by a trained member of our staff whether you are present or not. We'll never leave you alone to show your home! This can be done using the following two methods, however your valuer will talk you through our recommendations based on your individual requirements. All viewings are confirmed to you by email for your diary management and convenience.

Viewings on request

Buyers can be shown round at any time as long as there is 24 hours notice and you confirm the date and time is acceptable to you.

Open days

We agree a date which is usually a Saturday time slot of two hours. All viewings are then made at pre-arranged intervals. Offers are made during the following week on a 'Tender Basis' or 'Best and Final Offer'.

Feedback

After we have completed a viewing we promise to contact you within 48 hours with feedback so you are kept fully updated with the viewers' comments.

Offer qualification

Every offer is finally qualified. This means that we request a copy of the buyers agreement in principal or ask them to speak with our 'In House' mortgage team. Only after this will we recommend an offer to you. This avoids unnecessary abortive costs or precious time off the market.

Our branches

Our computer linked offices are located in prominent High Street positions. Our Banstead Office is open **SEVEN** days a week.

A professional illuminated colour window card will be produced setting out details of your property and will be displayed in our branch. It will incorporate the price, photos and a brief description to encourage interested parties to call in, whereupon we can discuss your property in more detail.

Our staff

We pride ourselves on a team that has combined experience of over 150 years in the industry. We provide a high level of customer service and are here to ensure that your experience runs as smoothly as possible.
